NOTES
This workout begins with the athlete holding their jump rope. At the call of "3, 2, 1... go" the athlete will complete 55 double-unders, move to the pull-up bar to complete 15 chest-to-bar pull-ups, and then to the barbell to perform 5 hang power cleans. After the hang power cleans are completed, the athlete will return to the jump rope to begin the next round.

Every rep counts in this workout. Credit will be given for partially completed rounds. The score will be the total number of reps completed in 15 minutes.

VIDEO SUBMISSION STANDARDS
Prior to starting, film the plates and barbell to be used so the loads can be seen clearly. All video submissions should be uncut and unedited in order to accurately display the performance. A second person with a stopwatch should be in the frame throughout the entire workout. Shoot the video from an angle so all exercises can be clearly seen meeting the movement standards.

EQUIPMENT
- Jump rope
- Pull-up bar
- Barbell
- Collars
- Plates to load the barbell to the appropriate weight for your division

Be sure the athlete has adequate space to safely complete the workout. Clear the area of all extra equipment, people or other obstructions.

Any athlete who in any way alters the equipment or movements described in this document or shown in the workout standards video may be disqualified from the competition.

*The official weight is in pounds. For your convenience, the minimum acceptable weights in kilograms are 70 kg (155 lb.), 61 kg (135 lb.), 52 kg (115 lb.), 47 kg (105 lb.), 43 kg (95 lb.), 34 kg (75 lb.).
This is the standard double-under in which the rope passes under the feet twice for each jump. The rope must spin forward for the rep to count. Only successful jumps are counted, not attempts.

The bottom position for both the chest-to-bar pull-up and chin-over-the-bar pull-up is the same. The athlete must hang from the pull-up bar with arms fully extended and the feet off the ground. Dead hang, kipping or butterfly pull-ups are allowed as long as all requirements are met.

For Masters 55+, at the top the chin must break the horizontal plane of the bar.
